

Do You Know?

What is your insurance coverage like for treatment at a private hospital?

Dear Jared,

Thank you for using our Coverage Checker.

Based on your AIA HealthShield Gold Max A, you have a Private Hospital Plan.

You are entitled to private hospital care, and your hospital plan covers up to 87% of your medical bill of \$100,000.

With your private hospitalisation plan and a relevant rider, your out-of-pocket costs are as follows:**

Panel Doctors \$3,000*		Non-Panel Doctors \$3,000*	
Deductible	\$0	Deductible	\$0
Co-insurance	\$0	Co-insurance	\$0
Co-payment	\$3,000	Co-payment	\$3,000

* With pre-authorisation from your insurer.
** We're sharing an estimate of the out-of-pocket payment you will need to make if you have a Max VitalHealth A Rider

The information provided above is an estimation.
Please contact your financial advisor for more information.

You can reduce your out-of-pocket costs with your corporate insurance plan or with MediSave, where applicable.

Thank you for using our coverage checker.
